

**Job Title: Metal Saw Worker (Night Shift)**

**WORK SCHEDULE: Monday – Friday (2:30PM – 11:00PM)**

**Starting Pay: \$16.90+ per hr, DOE**

### **Job description**

We are looking for a metal Saw Worker (Night Shift) with knowledge on how to set up, operate, and maintain machines (band, circular, CNC) to cut materials like metal, wood, or plastic to precise specifications. Key duties include interpreting work orders/blueprints, measuring materials, changing blades, performing quality inspections, and ensuring strict adherence to safety protocols.

**Must be able to effectively communicate in English to be able to understand and comply with company safety guidelines appropriately.**

### **Responsibilities**

- **Machine Operation:** Set up and run various sawing equipment (e.g., panel saws, miter saws) to cut materials to specific dimensions.
- **Setup & Maintenance:** Install appropriate blades, adjust guides, and perform daily maintenance like cleaning and lubricating machines.
- **Precision Cutting:** Measure materials using tape measures or calipers to meet technical specifications and blueprints.
- **Quality Control:** Inspect finished parts for defects and verify accuracy.
- **Safety & Organization:** Adhere to safety protocols (PPE), maintain a clean workspace, and manage inventory.

### **Skills and Qualifications**

- **Experience:** 1–3 years of manufacturing or machine operation experience.
- **Technical Skills:** Ability to read blueprints, work orders, and technical drawings.
- **Measurement:** Strong proficiency in using measuring tools (tape measures, calipers).
- **Physical Stamina:** Ability to lift heavy materials and stand for long periods.
- **Math Skills:** Basic math skills for calculating cuts and dimensions.

**Starting Pay: \$16.90+ per hr, DOE**
