

MG215

Manual Swing Gate

The MG215 is a no nonsense manual swing gate that is available in widths ranging from 12 to 25 feet (3.6 to 7.6 M). It is supplied with the hinge and latching post. It is a robust design that will last for years. The latch consists of a simple cross pin that is pad locked into place. As an option a tamper shield can be provided to protect specific styles of pad locks. Finish is epoxy primer and enamel safety yellow paint.
