Delta Scientific Corporation
40355 Delta Lane
Palmdale, CA 93551

May 17, 2022

Attention: Mr. Keith Bobrosky

Mr. Bobrosky,

We have received your life cycle test report from Riley P.ENG. Services dated May 13, 2022, submitted for your company's DSC550 hydraulic and electromechanical wedge barrier. Based on the test report (Job Number: 22-015), which was performed in accordance with the International Standard ISO/IEC 17025 testing requirements, your product is in compliance with the U.S. Department of State, Bureau of Overseas Buildings Operations, Standard Specification Section 324007 – Active Roadway Barrier Systems, paragraphs, 1.3 G and 2.1 D. Compliance with these paragraphs of the specification allows your company to provide your standard one year manufacturer's warranty on your product on all U.S. Department of State, Bureau of Overseas Buildings Operations projects.

Thank you for your interest in and efforts to provide safe, reliable security devices that protect our personnel and facilities overseas.

Sincerely,

Esber (Spiro) Barakat
Branch Chief
Security Engineering Branch
Bureau of Overseas Buildings Operations
